

## PRODUCT

Description:	Tierrafino Wax acryl is a shiny wax that protects various Tierrafino products, and leaves the surface water resistant.
Composition:	Waterborne dispersion of metha-acrylic esters, waxes and pigments. Does not contain hazardous ingredients.
Packaging:	650 ml container.
Consumption:	Smooth surfaces: 1st coat: approx. 25 ml/m <sup>2</sup> . 2nd coat: approx. 5 ml/m <sup>2</sup> .
Storage advice:	Store dry and cool but free of frost in the original container.
Workability:	After opening one (1) year.

## AREA OF APPLICATION

Wax acryl is a wax to protect various Tierrafino products like Listro, Stone, Finish, Duro, T-Paint and I-Paint. Wax leaves a coat that makes the surface water resistant.

## PROPERTIES

- Ready to use
- Nearly odourless
- White when wet and transparent after drying
- DIY/Professional
- Satin shine
- Stain- and heat resistant
- Shines by itself; do not polish
- Clean with normal cleansers

## APPLICATION

Circumstances:	The air- and substrate temperature must be at least 5°C.
Substrates:	Continuously dry and free of dust and grease.
Mixing:	Wax acryl is ready to use.
Application:	Apply Wax acryl evenly in a thin coat with a trowel or brush. Do not polish, the shine will appear by itself. To create a matte effect, sand down the surface with a fine grained sandpaper (grain 1000).
Thinner:	Water.
Safety advice:	Avoid contact with eyes and mucous membranes. With induced risk (ceilings) wear safety goggles. For further information consult the Wax acryl Material Safety Data Sheet.

## TOOLS

Safety goggles, protective gloves, plastic or steel trowel, paint brush, masking tape.
